Governors Declaration of interest 2022 - 2023

From **1st September 2015**, governing bodies will be under a duty to publish on their website their register of interests. This register should set out:

- The relevant business interests of governors:*
- Details of any other educational establishments they govern;
- Any relationships between governors and members of the school staff including spouses, partners and relatives.

*Having a financial, or other, interest in an organisation which could feasibly be able to supply goods/services to the school e.g.

- Building contractors

Governors have a responsibility to avoid any conflict between their business and personal interests and the interests of the school. This is essential for effective and accountable financial management of the school.
